Motorman and Conductor Open Book RULES EXAM 2024

Open Rulebook (April 4, 2023) fill in blanks exactly as in the Rulebook, including any SPECIAL ORDERS that are in effect at the time of your test. Check the Special Orders BEFORE taking your test!

Please note that this year we would like you to fill in the **rule number** in the space provided ahead of some of the questions.

1. The Rules contained herein have been adopted to take effect _____, _____, and will replace all existing Rules.
2. _____: A piece of the overhead where two Trolley Wires come together, near a Turnout.
3. _____. While on duty or subject to duty abstain entirely from the use of intoxicating _____, drugs and _____ that might adversely affect performance.
4. _____. When the Car is _____ in the Car Barn or Shed, the wheels should be Trigged, with at least two Trigs, to prevent motion in either direction, and then the brakes should be _____.
5. _____. The _____ of the Car is the vestibule where the Motorman is standing. " _____ " and " _____ " are taken to mean motion with the front of the Car leading.

6. _____. Persons being called should respond _____, even if it interrupts the interpretive talk. A Motorman or Operator being called may wait to respond until a normal stop, if in motion, per Rule _____.
7. _____. No On-Rail-Equipment may exceed the speed of a _____ on the Stall 1 Track, Stall 2 Track, or while in Turnout 5 or Turnout 7, in either direction.
8. _____. Motormen must not pass over any _____ until they know that the points are properly lined.
9. _____: consists of Trolley Car operations on the Stall ____, _____ and _____ Tracks, and Pump Car operations on the _____ Track.
10. _____. If a headlight bulb or an interior light bulb fails, _____ the affected light circuit until the bulb can be replaced.
11. _____. The Car may not exceed the speed of a _____ on the Main Track between the frog of Turnout 1 and Line Pole 10 in either direction.
12. _____. The Motorman must keep the Car under perfect control, and not approach any _____, On-Rail-Equipment or vehicle on the tracks closer than _____ feet, using all possible care to prevent accidents. If it is necessary to move closer than _____ feet to anything on the tracks, first make a _____, and then proceed at a dead slow speed.
13. _____. No one shall work as a Motorman, Conductor or Operator for more than _____ hours in any _____ hour period, or more than _____ hours in any period of seven consecutive days.
14. _____. In case a motor _____ to work, or runs with a jerky motion, IMMOBILIZE the Car (see Rule _____). Report the matter to the General Manager, other _____ and on-duty employees.

15. _____. A raised _____ Sign will be secured with an On-Rail-Equipment ID Tag matching the Track Car Operator or Track Car that is occupying the track. A raised STOP Sign can only be lowered with the _____ of the person(s) who placed the On-Rail-Equipment ID Tag(s). If there are no On-Rail-Equipment ID Tags on a raised STOP Sign or the owner of the On-Rail-Equipment ID Tag cannot be contacted, it may be _____ after verifying that the section of track that the sign protects is unoccupied.
16. _____. The Car may not exceed the speed of a _____ on the House Track in either direction.
17. _____. Gong must be sounded more than _____ times at any time when it is necessary to call attention to the movement of the Car, and whenever approaching _____ or areas where people or vehicles might be on the track.
18. _____. To SECURE the Trolley Power Substation, switch _____ switches OFF and lock the AC switch handle with a _____ Signal. Retain possession of the key for the Blue Signal. Call other personnel if needed to _____ the Trolley Power Substation.
19. _____. All Turnouts must always be left _____ and _____ for the next Trolley movement after a Track Car has passed through the Turnout unless otherwise _____ by General Manager.
20. Job Briefing: A _____ of all _____ at the beginning of the day or when there is a change in crew or operations.
21. _____. Motorman must endeavor to _____ (with Controller shut off) whenever the Trolley Wheel is passing under a Wire Frog.

22. _____. Any Operating Personnel carrying a _____ must make a radio check with the Ticket Agent. If no Ticket Agent is on duty, a cordless or mobile telephone should be on any operating On-Rail-Equipment to place _____ calls.
23. _____. _____ of orders, Rules or Special Orders, or _____ of duty may be considered sufficient cause for immediate suspension or dismissal, pending review.
24. _____. A qualified Operator may take on the role of Motorman and Conductor _____. An Operator must be at least ____ years of age.
